About State Polytechnic of Malang (POLINEMA)

The State Polytechnic of Malang, known as Politeknik Negeri Malang or POLINEMA, is one of Indonesian leading vocational higher education institutions. It ranks third in the list of Indonesian best polytechnics released by the Ministry of Education, Culture, Research, and Technology. In terms of student activities, the State Polytechnic of Malang is on the first position in the Indonesian Ranking System for Vocational Higher Education Institutions. These achievements reflect the quality of POLINEMA's education system. Teaching and learning at POLINEMA are oriented to giving students opportunities to learn from practices. The State Polytechnic of Malang has been well recognized by the industry as an institution committed to producing skillful graduates with global mindset.

To meet the growing needs of the global industry and widen its reach, since 2018 POLINEMA has been providing International Program in some departments: Information Technology, Electronic Engineering, Civil Engineering, Mechanical Engineering, Accounting, and Business Administration Department. These Departments offer Diploma 4 or Bachelor Degree of International Program. The International Program is an 8-semester program which can be completed in 4 years. The program aims at catering the needs of local students to be internationally acknowledged and giving an opportunity to foreign students to study at POLINEMA.

Eligibility Criteria

Student have to meet the following requirements:

- ◆ Not a refugee or asylum seeker
- ◆ Having completed secondary education or its equivalent
- ◆ Minimum age of 17 years and not older than 23 years of age
- ◆ Having the ability to communicate in English (an ability to communicate in Bahasa Indonesia will be an advantage), proven by English Language Proficiency Certificate, such as TOEFL/TOEIC/IELTS or OTHER CERTIFICATES if applicable (**language certificate is mandatory**)
- ◆ In good health as proven by Medical Certificate (medical checkup result); free from color blindness for students of Engineering programs
